

Hypori® Account Setup Using Your Desktop or Laptop

Recommended

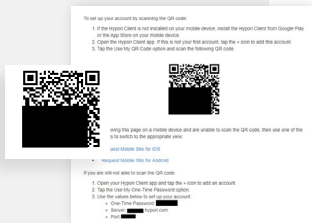

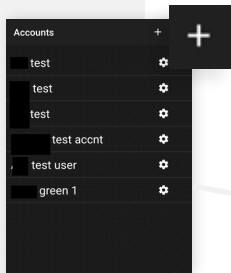

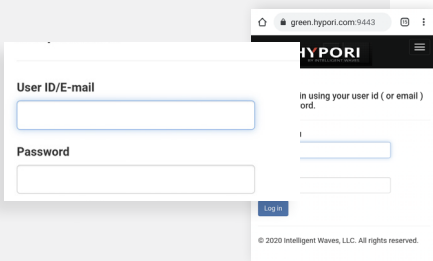

STEP 1 DOWNLOAD THE HYPORI APP

1. Download the Hypori App.
Apple® Phones use the [App Store®](#)
Android™ Phones use the [Google Play Store™](#)
Hypori Client for Windows use the [Microsoft® Store](#)
2. Allow the Hypori App to access your mobile device's camera.

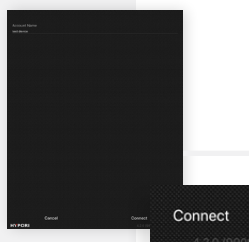

STEP 2 AUTHENTICATE YOUR ACCOUNT

1. Open a browser window and paste the URL provided in the Hypori email you just received.
2. Enter your account information from the email including your
 - a. Username (this is typically your email address) and
 - b. Password (assigned by Hypori).
3. Click **“Login.”**
4. Change the assigned password to a secure personal password.
5. Click the **“+” icon** on the top right of the Hypori screen.
6. Select **“Use My QR Code.”**
7. Scan the **QR code** with your mobile device camera.

STEP 3 SET UP YOUR HYPORI USER ACCOUNT

1. Name your account.
2. Tap **“Connect” (bottom right of screen)** and your Hypori client will launch.
